LEGIA WARSZAWA CONFERENCE CENTRE

The Pepsi Arena Stadium is a new facility with state-of-the-art infrastructure, an excellent location and a large car park. The Conference Centre, with a surface area of 2000 square metres, is located in the most prestigious central part of the stadium, at the Business Club, in the heart of the west stand dedicated to VIP guests.

The Conference Centre has 5 functional, spacious, air-conditioned rooms which guarantee a panoramic view of the stadium, as well as allow a big amount of daylight. The elegant and discreet frosted glass partitions make it possible to divide the rooms in many ways. The facility is therefore suitable for all sorts of events and conferences, for many people or narrow circles.
