LEGIA WARSZAWA

Legia Warsaw has always been characterised by uniqueness. The club was founded by soldiers of the Polish Legions during World War I. Throughout its history, it has been represented by the best Polish athletes and coaches. Today, we still continue this tradition of our great forerunners. Legia is the biggest football club in Poland, which boasts over 100 years of proud history. Our home is a modern stadium which meets all of the highest European standards. It's also one of the most recognisable places in Warsaw. Legia's matches attract not only tens of thousands of fans, but also leading figures from the world of business, culture, and politics. It is here that the sporting and social heart of the Polish capital beats. We exist to win, arouse emotions, give a sense of pride, and share our passion for victory.

You're welcome to join the Legia Warsaw Business Club.
